- 4. The DCI noted that counter insurgency is still the Number One topic in Washington and wants the Agency to have a top senior officer who will be the expert in this field and can accompany the DCI to meetings when this is the topic. He emphasized that he wanted to have a military man in this post which would be that of the Assistant DD/P for Paramilitary and Air Support Operations. (Action to DD/P in consultation with the DDCI.)
- 5. The DCI raised the question of Task Force W briefings and requested that they be much more concise in the future. (Action to the DD/P.)
- 6. The DCI indicated that there was so much discussion in Washington of possible IRBM sites in Cuba that he wanted the Agency to have U-2 photography at all times on the area to check any possible construction. (Action to the DD/R.)
- 7. The DCI discussed with the DD/P a special project in which the President was interested in some operational details and indicated that he wished the DD/P to accompany him to the next meeting with the President. (Action to the DD/P.)
- 3. The DCI then indicated that he had discussed with the President and General Taylor a cover story of concern to the DD/R and asked that a new approach be considered. (Action to the DD/R.)
